## CREATIVITY

With many years of experience in steel work, we have a passion to pursue challenges in our creativity and expand our knowledge. SSTEEL is a brand with a belief that creativity breathes life into our everyday activities. Every art piece that we have designed becomes a medium to channel our creativity to anyone who owns the piece. From it's functionality, design till the processes in which each piece was crafted. It is a work of art that is created to enhance the visual ambience of spaces and a sense of living style.

## SIMPLY STYLISH

Through our commitment to the design. SSTEEL strives to make good design accessible with quality and affordable price tags. SSTEEL not only offer a simply stylish approach to design but also encourages people to explore their creativity and put the new ideas into their home.

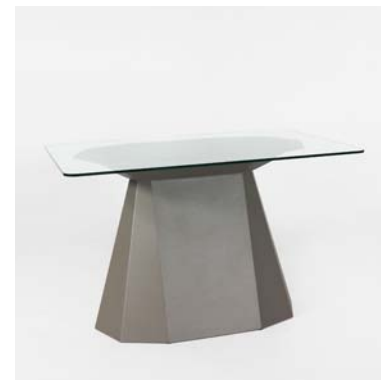

## PHAN COLLECTION

Phan collection is inspired by one of the traditional Thai containers called PHAN. This simply design piece is composed by several triangles made of woods and steel sheets that are singularly placed by our artisans.
